| <p>I am very pleased to support this application. The house proposed is in character with the area in style and materials and will be a charming addition to the street and area. I am particularly pleased that the land will be used sympathetically and no longer be the overgrown dumping ground that it has become. As one of the neighbours, I feel the new land owner has taken care to involve and inform all potential neighbours of his proposals. I recognise the building period may be inconvenient but it will only be for a relatively short period and I am sure efforts will be made to minimise disruption.</p> |    |
