<p>This building is not in keeping with the rest of the area, specifically Hightown lane. The area in question is the home to wildlife such as badgers, deers etc. This application will also increase the use of Hightown lane and wood lane which are unadopted. The increased traffic will also affect the wildlife in the area.</p> <p>The owner of this application has already desecrated the area by removing many trees without any planning authorisation. They have affected the natural conservation of the natural environment without any regard to wildlife or the current homeowners.</p> <p>I strongly object to this application.</p>
