

## **Appendix A – Climate Change Statement**

### **Climate Change Statement for Planning Applications**

#### **Part 1: Applicant details**

Name of applicant/agent	Applicant – Allan Scholefield Agent – David Storrie – D5 Town Planning
Site Address	129 Trinity Street, Huddersfield, HD1 4DU
Description of Development	Change of use and alterations to convert existing student accommodation to form 1 self-contained flats and 6 bedroom HMO

#### **Part 2: Climate Change Mitigation measures**

Please respond to the following questions considering the measures set out in the Climate Change Guidance note:
Q1: What measures have been/will be taken to reduce the energy demand associated with your proposed development beyond the minimum required in Building Regulations? (See section 2)
Energy saving lightbulbs to be installed. Recycling of waste. Passive lighting. Smart energy metering. Use of energy efficient white goods.
Q2: What measures have been/will be taken to limit the carbon consumed through the implementation and construction processes, e.g. by reusing existing on-site materials or sourcing materials locally? (See section 3)
All material sourced locally and work carried out by a local workforce. Refurbishing existing features.
Q3: What measures have been/will be taken to utilise renewable or low carbon energy sources? (See section 4)

Q4: What measures have been/will be taken to ensure the building design and layout has been optimised to energy efficiency beyond the minimum requirements in Part L of the Building Regulations ? (See section 5)
Low energy lights. Use of rooflights to increase daylight.
Q5: What measures have been/will be taken to reduce potential impacts of flooding associated with your proposed development? (See section 6)
Q6: What measures have been/will be taken to reduce water stress associated with your proposed development? (e.g. Water retention and minimisation measures) (See sections 7 and 8)
Installing showers.
Q7: What measures have been/will be taken to provide biodiversity net gains? (See section 8)
Q8: What measures have been/will be taken to reduce air pollution associated with your proposed development? (See section 9)
