## Eligibility

Permitted development rights are subject to conditions set by legislation to ensure that only appropriate proposals are eligible.

The need to apply to the Local Planning Authority to see if prior approval is required is one such condition.

The questions below will help determine if the proposals are eligible for this permitted development right.

For solar proposals, there are several different permitted development rights, each covering specific types of work. Therefore, if not eligible for this one, you may:

- be eligible for a different solar permitted development right;
- not require prior approval;
- require an application for planning permission.

Is this application for the installation, alteration or replacement of a solar canopy within an area lawfully used as off-street parking other than for a dwellinghouse or a block of flats?

- Yes  
 No

Note: 'Solar canopy' in this context means a canopy structure:

- installed with solar PV or solar thermal equipment, and
- open on all sides or, in the case of development adjoining a building, on three sides

Would any part of the development exceed 4 metres in height above ground level?

- Yes  
 No

Would any part of the development be within the curtilage or within 10 metres of the curtilage of a dwellinghouse or block of flats?

- Yes  
 No

Would the development be used for the display of an advertisement?

- Yes  
 No

Is the off-street parking area where the proposed development would take place in use by virtue of permitted development rights for temporary use of land?

- Yes  
 No

(As per [Schedule 2, Part 4, Class B, of The Town and Country Planning \(General Permitted Development\) \(England\) Order 2015](#))

Would the proposed development be above a permeable surface?

- Yes  
 No

Would any part of the development be within the curtilage of:

- a scheduled monument (or on a site designated as a scheduled monument); or
- a listed building?

- Yes  
 No

Would the solar canopy be removed as soon as reasonably practicable when no longer needed?

- Yes  
 No

## Description

Please describe the proposed development, including the siting, design and external appearance of the development, giving particular thought to the impact of glare on the occupiers of neighbouring premises.

22 Large Car Ports over existing car park, constructed from cantilevered steel frames, produced of approximately 3,521 PV Panels. Panels come with anti-reflective (AR) coated glass as standard. Panels face are south-facing with low pitch, no more than 4 metres above ground.

Would any part of the solar canopy be situated in:

- a conservation area;
- an area of outstanding natural beauty;
- an area specified by the Secretary of State for the purposes of enhancement and protection of the natural beauty and amenity of the countryside;
- the Broads;
- a National Park;
- a World Heritage Site.

- Yes  
 No

Would the proposed development be above a permeable surface?

- Yes  
 No

## Declaration

I/We hereby apply for Prior Approval: Installation etc of a solar canopy on non-domestic, off-street parking as described in the questions answered, details provided, and the accompanying plans/drawings and additional information.

I/We confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them.

I/We also accept that, in accordance with the Planning Portal's terms and conditions:

- Once submitted, this information will be made available to the Local Planning Authority and, once validated by them, be published as part of a public register and on the authority's website;
- Our system will automatically generate and send you emails in regard to the submission of this application.

I / We agree to the outlined declaration

Signed

Farrar Bamforth
