Application for Planning Permission

Town and Country Planning Act 1990 (as amended)

Publication of applications on planning authority websites

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website. If you require any further clarification, please contact the Authority's planning department.

Site Location

Disclaimer: We can only make recommendations based on the answers given in the questions.

If you cannot provide a postcode, the description of site location must be completed. Please provide the most accurate site description you can, to help locate the site - for example "field to the North of the Post Office".

Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

This full planning application seeks permission for the following development:

“Erection of 1 no. self-build dwelling with all associated works”

The proposal comprises the erection of a 2.5-storey, three-bedroom self-build dwelling with a footprint of approximately 173 square metres on a generous plot of approximately 2,257 square metres (0.557 acres).

At ground floor level, the principal living spaces are arranged in a balanced linear sequence. An orangery runs through the spine of the home, connecting the two wings. The incorporation of an orangery is a deliberate nod to the historic uses of the Site. At first floor, three double bedrooms are proposed (a reduction to the pre-application proposal which was a four bedroom dwelling). The principal bedroom is proposed to benefit from an en-suite bathroom.

At second floor, within the roofspace, is a landing which will provide a yoga space as well as storage.

The proposed dwelling has been deliberately designed to be modest and proportionate relative to the overall plot, occupying a limited footprint and retaining significant open space, thereby ensuring minimal impact on openness.

The dwelling would provide a high standard of amenity. The internal arrangement satisfies Nationally Described Space Standards [‘NDSS’].

The external amenity space provides a combination of spaces for use by the Applicant including for dining and recreation. Opportunities to incorporate an extensive landscaping scheme have also been incorporated within the Proposed Development. This promotes visual aesthetics, promotes defensible and defined boundaries to the Site, and also promotes opportunities for biodiversity enhancement.

Has the work or change of use already started?

Yes

No

Existing Use

Please describe the current use of the site

The application site comprises an area of land located to the west of Parkton Grove House. An existing unmade vehicular access extends from Hanging Stone Road into the site and is understood to have historically served three former outbuildings, believed to have been demolished in the early 20th century. A natural clearing exists within the centre of the plot, enclosed by established mature trees and unmanaged vegetation. The site is visually contained by substantial tree cover, with particularly dense planting along the eastern boundary providing effective screening between the application site and the Grade II Listed Parkton Grove House. In its current condition, the land is not actively managed and does not serve a defined functional purpose. It represents previously developed land associated with the wider Parkton Grove property, but presently remains underutilised. The proposed development seeks to introduce a single high-quality residential dwelling within this established clearing. The use remains wholly residential in character and is consistent with the surrounding pattern of development along Hanging Stone Road. The proposal therefore represents a logical and sustainable use of the land, responding to the ongoing demand for well-designed housing while ensuring that the setting of the adjacent Listed Building is preserved and enhanced through careful sighting, landscape retention and sensitive design.

Is the site currently vacant?

Yes

No

If Yes, please describe the last use of the site

In addition to considering the Proposed Development in the context of heritage, the Heritage Statement provides a detailed overview of the history of the Site including Parkton Grove. It confirms that there is evidence of former ancillary and utilitarian structures upon the Site, these being associated with Parkton Grove. The Heritage Statement confirms the following:

“In summary, historic mapping, documentary sources and aerial photographs demonstrate that the Application Site has undergone a clear and progressive reduction in intensity of use over time. While the Site historically accommodated ancillary and utilitarian buildings associated with Parkton Grove, these structures diminished gradually through the early to mid 20th century, with the majority removed by the early 1960s and the remainder cleared later in the 20th century. As a result, the Site now reads as residual land, physically and visually separate from the listed building.”

When did this use end (if known)?

dd/mm/yyyy

Does the proposal involve any of the following? If Yes, you will need to submit an appropriate contamination assessment with your application.

Land which is known to be contaminated

- Yes
 No

Land where contamination is suspected for all or part of the site

- Yes
 No

A proposed use that would be particularly vulnerable to the presence of contamination

- Yes
 No

Materials

Does the proposed development require any materials to be used externally?

- Yes
 No

Please provide a description of existing and proposed materials and finishes to be used externally (including type, colour and name for each material)

Type:

Walls

Existing materials and finishes:

Proposed materials and finishes:

Timber Cladding & Yorkshire Stone

Type:

Roof

Pedestrian and Vehicle Access, Roads and Rights of Way

Is a new or altered vehicular access proposed to or from the public highway?

- Yes
 No

Is a new or altered pedestrian access proposed to or from the public highway?

- Yes
 No

Are there any new public roads to be provided within the site?

- Yes
 No

Are there any new public rights of way to be provided within or adjacent to the site?

- Yes
 No

Do the proposals require any diversions/extinguishments and/or creation of rights of way?

- Yes
 No

If you answered Yes to any of the above questions, please show details on your plans/drawings and state their reference numbers

Proposed Access Plan – Drawing Number 90-002
Indicative Services Layout – Drawing Number 1476-GGD-DR-PL-2001 Rev P01; and
Proposed Hard and Soft Landscaping – Drawing Number 1476-GGD-DR-PL-1001 Rev P01 (prepared by grafted)

Vehicle Parking

Does the site have any existing vehicle/cycle parking spaces or will the proposed development add/remove any parking spaces?

Yes

No

Please provide information on the existing and proposed number of on-site parking spaces

Vehicle Type:

Cars

Existing number of spaces:

0

Total proposed (including spaces retained):

3

Difference in spaces:

3

Vehicle Type:

Cycle spaces

Existing number of spaces:

0

Total proposed (including spaces retained):

3

Difference in spaces:

3

Trees and Hedges

Are there trees or hedges on the proposed development site?

Yes

No

And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?

Yes

No

You may need to provide a full tree survey, at the discretion of the local planning authority. If a tree survey is required, this and the accompanying plan should be submitted alongside the application.

The local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.

Assessment of Flood Risk

Is the site within an area at risk of flooding? (Check the location on the Government's [Flood map for planning](#). You should also refer to national [standing advice](#) and your local planning authority requirements for information as necessary.)

Yes

No

Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)?

- Yes
 No

Will the proposal increase the flood risk elsewhere?

- Yes
 No

How will surface water be disposed of?

- Sustainable drainage system
 Existing water course
 Soakaway
 Main sewer
 Pond/lake

Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species

- Yes, on the development site
 Yes, on land adjacent to or near the proposed development
 No

b) Designated sites, important habitats or other biodiversity features

- Yes, on the development site
 Yes, on land adjacent to or near the proposed development
 No

c) Features of geological conservation importance

- Yes, on the development site
 Yes, on land adjacent to or near the proposed development
 No

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in [Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 \(as amended\)](#)) would apply?

- Yes
 No

Biodiversity net gain has been introduced as a general condition for planning permission. As set out in [The Environment Act 2021](#): "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope.

If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption).

Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one

Reason biodiversity net gain does not apply:

Self-build and custom build development

Are you building more than nine houses?:

No

Is the total size over 0.5 hectares?:

No

Do all buildings meet the definition of self-build or custom housebuilding as set out in [section 1\(A1\) of the Self-build and Custom Housebuilding Act 2015](#)?:

Yes

Does your Local Planning Authority require applicants for self-build and custom-build development to evidence their eligibility?:

No

Please justify the reason why biodiversity net gain does not apply:

The site is exempt from BNG on account of being a self-build development, consisting of less than 9 dwellings, on a site with an area smaller than 0.5 hectares, and will consist exclusively of dwellings that are self-build or custom housebuilding as defined in section 1(A1) of the Self-build and Custom Housebuilding Act 2015

Note: Please read the help text for further information why developments may be exempt or not in scope.

Foul Sewage

Please state how foul sewage is to be disposed of:

- Mains sewer
 Septic tank
 Package treatment plant
 Cess pit
 Other
 Unknown

Are you proposing to connect to the existing drainage system?

- Yes
 No
 Unknown

Waste Storage and Collection

Do the plans incorporate areas to store and aid the collection of waste?

- Yes
 No

If Yes, please provide details:

Indicative Services Layout – Drawing Number 1476-GGD-DR-PL-2001 Rev P01; and

Have arrangements been made for the separate storage and collection of recyclable waste?

Yes

No

If Yes, please provide details:

Indicative Services Layout – Drawing Number 1476-GGD-DR-PL-2001 Rev P01

Trade Effluent

Does the proposal involve the need to dispose of trade effluents or trade waste?

Yes

No

All Types of Development: Non-Residential Floorspace

Does your proposal involve the loss, gain or change of use of non-residential floorspace?

Note that 'non-residential' in this context covers all uses except Use Class C3 Dwellinghouses.

Yes

No

Employment

Are there any existing employees on the site or will the proposed development increase or decrease the number of employees?

Yes

No

Hours of Opening

Are Hours of Opening relevant to this proposal?

Yes

No

17. Residential Units (Including Conversion)

Does your proposal include the gain, loss or change of use of residential units?
 If Yes, please complete details of the changes in the tables below:

Yes No

Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

- Yes
 No

If Yes, please complete the following information about the advice you were given (this will help the authority to deal with this application more efficiently):

Officer name:

Title

First Name

Surname

Reference

Date (must be pre-application submission)

Pre application enquiry for erection of a detached dwelling with associated access and external works at Parkton Grove, Hanging Stone Road, Berry Brow, Huddersfield, HD4 7QU.
Please see the full report for further details.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- Yes
- No

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days?

- Yes
- No

Is any of the land to which the application relates part of an Agricultural Holding?

- Yes
- No

Certificate Of Ownership - Certificate A

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**

* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.

** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.

NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
