Subject: RE: Attached letter from Kirklees Council regarding application number 2026/90999 at location Hinchliffe Mill, Water Street, Holmbridge, Holmfirth, HD9 2NX

Further to the DOC application submitted in connection with the above, I would like to advise that planning condition 35 (construction, specification and works for provision of PROW HOL/95/10) can not be discharged pending the satisfactory conclusion of the technical approval of the design of proposed burr wall supporting the diverted PRoW (via submission of an AIP) for which a fee of £955.00 will be applicable. In addition, the design of proposed embankments (classed as Cat 0 structures) supporting the diverted PRoW will be liable to a formal technical approval, for which a fee of £382.00 will be applicable.

Regards

Farhad Khatibi
