

**Town and Country Planning (Development Management Procedure) (England)
Order 2015**

PLANNING PERMISSION FOR DEVELOPMENT

Application Number: 2026/70/91000/E

To: J A Oldroyd & Sons Ltd
The Barn
3, Primrose Lane
Hightown
Liversedge
WF15 6NS

For: M Khoueiry

**In pursuance of its powers under the above-mentioned Act and Order the
KIRKLEES COUNCIL (hereinafter called "The Council") as Local Planning
Authority hereby permits:-**

VARIATION OF CONDITION 2 (PLANS) ON PREVIOUS PERMISSION
2025/92323 FOR DEMOLITION OF EXISTING GARAGE AND ERECTION OF
REPLACEMENT DETACHED GARAGE AND TWO STOREY SIDE EXTENSION

At: 44, FALL LANE, HARTSHEAD, LIVERSEDGE, WF15 8AR

**In accordance with the plan(s) and applications submitted to the Council on 13-
Apr-2026 together with those plans and application(s) submitted to the Council on
26-Aug-2025 and incorporated into planning permission 2025/92323 granted on
05-Feb-2026 and subject to the condition(s) specified hereunder:-**

1.The development hereby permitted shall be begun no later than 4th February 2029.

Reason: Pursuant to the requirements of Section 91 of the Town and Country Planning
Act 1990.

2. The development hereby permitted shall be carried out in complete accordance with the plans and specifications schedule listed in this decision notice, except as may be specified in the conditions attached to this permission, which shall in all cases take precedence.

Reason: For the avoidance of doubt as to what is being permitted and to accord with Policies LP01, LP02, LP21, LP22, LP24 and LP53 of the Kirklees Local Plan, Principles 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 & 15 of the Council's adopted House Extensions & Alterations Supplementary Planning Document and Policies within Chapters 2, 9, 12, 14 and 15 of the National Planning Policy Framework.

3. The external walls and roofing materials of the extension hereby approved shall in all respects match those used in the construction of the existing building and be retained thereafter.

Reason: In the interests of visual amenity and in accordance with Policies LP01, LP02 and LP24 of the Kirklees Local Plan, Principles 1 and 2 the Council's adopted House Extensions and Alterations Supplementary Planning Document and Policies within Chapter 12 of the National Planning Policy Framework.

4. The garage hereby approved shall be finished in render and the roof covered in materials matching the approved plans unless otherwise agreed in writing by the Local Planning Authority.

Reason: In the interests of visual amenity and in accordance with Policy LP24 of the Kirklees Local Plan and the House Extensions and Alterations SPD.

Plans and specifications schedule: -

Plan submitted as part of application	Reference	Date Received
2025/92323		
Location Plan		28/08/2025
Existing Plans and Elevations	25/82/A	29/08/2025
Site Plan	25/82	29/08/2025
Detached Double Garage	25/82/C	29/08/2025
2 storey side extension Proposed floor plans & Elevations	25/82/B	28/08/2025
General	Climate Change Statement	29/08/2025
Plan submitted as part of application		
2026/91000		
Proposed Site/Block Plan	Site Plan	13/04/2026
Grouped Plans and Elevations	44 Fall Lane Drawing 1	13/04/2026
Location Plan	Location Plan	13/04/2026

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 and guidance in the National Planning Policy Framework, the Local Planning Authority have, where possible, made a pre-application advice service available, complied with the Kirklees Development Management Charter 2024 and otherwise actively engaged with the applicant in dealing with the application.

As the submitted plans were acceptable, no changes were sought.

Digital Infrastructure: Fibre To The Property (FTTP)

Access to affordable and reliable broadband is necessary for Kirklees' residents, businesses, and visitors to take advantage of the growing digital economy and 'digital by default' services. Fibre optic cables direct to a property (FTTP) is the most reliable way of delivering high speed broadband connectivity and allows for gigabit internet speeds. Access to high quality digital infrastructure provides the foundations for, amongst other things:

- Economic prosperity – workforces that are digitally-literate enables business to thrive.
- Digital literacy – digital literacy and skills increase employability and people can exploit the internet for transactional, social, entertainment and learning purposes.
- New services – digital delivery can lower costs and provide innovative public and health services more conveniently.

It is therefore advised that digital infrastructure, including FTTP, and its benefits for the development be considered from the earliest feasible stage. Methods include working with Internet Service Providers to install digital infrastructure alongside other utilities or providing pre-infrastructure allowing for speedier installation at a later date.

Note: The provision of fibre infrastructure is often available from certain telecommunications providers free of charge for development over a certain scale, provided that sufficient notice is given. Notice periods are typically at least 12 months prior to first occupation. In some cases, providers may request a contribution from the developer.

Note: Where no telecommunications provider has been secured to provide fibre infrastructure by the time of highway construction, it is advised that additional dedicated telecommunications ducting is incorporated alongside other utilities to enable the efficient and cost effective provision of fibre infrastructure in the future.

Building Regulations Approval is required for most work involving building operations and/or structural alterations. It is the applicant's responsibility to find out if the work permitted by this planning permission needs approval under the Building Regulations, and if necessary to submit an application. If you are not the applicant can you please ensure the applicant is aware of this requirement. Contact Building Control on Telephone: (01484) 221550 for more information.

Development within a Coal Mining Area

The proposed development lies within an area that has been defined by the Mining Remediation Authority as containing coal mining features at surface or shallow depth. These features may include: mine entries (shafts and adits); shallow coal workings; geological features (fissures and break lines); mine gas and former surface mining sites. Although such features are seldom readily visible, they can often be present and problems can occur, particularly as a result of new development taking place.

Any form of development over or within the influencing distance of a mine entry can be dangerous and raises significant land stability and public safety risks. As a general precautionary principle, the Mining Remediation Authority considers that the building over or within the influencing distance of a mine entry should be avoided. In exceptional circumstance where this is unavoidable, expert advice must be sought to ensure a suitable engineering design which takes account of all relevant safety and environmental risk factors, including mine gas and mine-water. Your attention is drawn to the Mining Remediation Authority Policy in relation to new development and mine entries available at:

[Building on or within the influencing distance of mine entries - GOV.UK](#)

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires a Mining Remediation Authority Permit. Such activities could include site investigation boreholes, excavations for foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Application forms for Mining Remediation Authority permission and further guidance can be obtained from The Mining Remediation Authority's website at: <http://www.gov.uk/get-a-permit-to-deal-with-a-coal-mine-on-your-property>

[What is a permit and how to get one? - GOV.UK \(www.gov.uk\)](#)

In areas where shallow coal seams are present caution should be taken when carrying out any on site burning or heat focused activities.

If any future development has the potential to encounter coal seams which require excavating, for example excavation of building foundations, service trenches, development platforms, earthworks, non-coal mineral operations, an Incidental Coal Agreement will be required. Further information regarding Incidental Coal Agreements can be found here -

<https://www.gov.uk/government/publications/incidental-coal-agreement/guidance-notes-for-applicants-for-incidental-coal-agreements>

If any coal mining features are unexpectedly encountered during development, this should be reported immediately to the Mining Remediation Authority on 0800 288 4242. Further information is available on the Mining Remediation Authority website at: [Mining Remediation Authority - GOV.UK](#)

Where the application has been publicised by notice(s) in the vicinity of the site. It is respectfully requested that the notice(s) now be removed and responsibly disposed of to avoid harm to the appearance of the area

Appeals to the Secretary of State

- If you are aggrieved by the decision of your Local Planning Authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.
- If an enforcement notice is served or has been served relating to the same or substantially the same land and development as in your application and if you want to appeal against the local planning authority's decision on your application, then you must do so within:
 - i) 28 days from the date of this notice where the enforcement notice has been served,
 - ii) 28 days of the date of service of the enforcement notice or,
 - iii) the specified period starting from the date of this notice,whichever period expires earlier.
- If you want to appeal against your Local Planning Authority's decision then you must do so within the specified period, starting on the date of this notice.
- The "specified period" is 12 weeks where the development relates to a "minor commercial application" as defined within the Town and Country Planning (Development Management Procedure) Order 2010 (as amended), or 6 months in any other case.
- Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/appeal-planning-decision>. Further information on the Planning Appeal process can be found online at the Planning Inspectorates website <https://www.gov.uk/government/organisations/planning-inspectorate>.
- You must use the correct Planning Appeal Form when making your appeal. If requesting forms from the Planning Inspectorate, please state the type of application that the appeal relates to so they can send you the appeal form you require.
- The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

- The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based their decision on a direction given by him.

Please note, only the applicant possesses the right of appeal.

Purchase Notices

- If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

An important part of improving our service is to review your feedback on the way that we have dealt with your planning application(s). Please take a couple of minutes to email your comments to dc.admin@kirklees.gov.uk so that we can work on continually improving our customer service. Thank you.

Dated: 20-Jul-2026
