

Appendix A – Climate Change Statement

Climate Change Statement for Planning Applications

Part 1: Applicant details

Name of applicant/ agent	Mr & Mrs Minx
Site Address	1 Wells Mount, Upper Cumberworth, Huddersfield, HD8 8XQ
Description of Development	Single storey extension.

Part 2: Climate Change Mitigation measures

Please respond to the following questions considering the measures set out in the Climate Change Guidance note:

Q1: What measures have been/will be taken to reduce the energy demand associated with your proposed development beyond the minimum required in Building Regulations? (See section 2)

Local contractors to be used.

Q2: What measures have been/will be taken to limit the carbon consumed through the implementation and construction processes, e.g. by reusing existing on-site materials or sourcing materials locally? (See section 3)

Local contractors to be used.
Materials to be sourced from local suppliers.

Q3: What measures have been/will be taken to utilise renewable or low carbon energy sources? (See section 4)

Low energy lighting to be used.

Q4: What measures have been/will be taken to ensure the building design and layout has been optimised to energy efficiency beyond the minimum requirements in Part L of the Building Regulations ? (See section 5)

The lantern and side elevation will receive early morning sunlight improving natural light and heat.
The opening into the existing dwelling will improve natural light within these spaces.

Q5: What measures have been/will be taken to reduce potential impacts of flooding associated with your proposed development? (See section 6)

N/A. Minimal difference.

Q6: What measures have been/will be taken to reduce water stress associated with your proposed development? (e.g. Water retention and minimisation measures) (See sections 7 and 8)

N/A. Minimal difference.

Q7: What measures have been/will be taken to provide biodiversity net gains? (See section 8)

N/A.

Q8: What measures have been/will be taken to reduce air pollution associated with your proposed development? (See section 9)

Local contractors to be used.
Materials to be sourced from local suppliers.
