I fully support this application,I have lived on Binns Lane my whole life and walking my dog has become near on impossible now due to the speed and volume of cars with no pavement or lighting on long stretches of this road. At the end of Binns Lane near no 8 I just can't walk my dog there anymore it is a death trap cars mount pavements and cars are parked on the pavement and the shear volume of cars is ridiculous. I think to be able to park on a driveway outside No 8 will be a vast improvement to the flow and safety of the road for all users.This road was not built as a main road and that is what it has turned into.
