Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
The planned signs will cause increased light pollution, and will be frustrating as a resident as they'll be illuminated during the night, shining into our home and others in the area. These types of LED lights are much brighter than older illuminated signs, and where they've been installed elsewhere are incredibly bright at night. I also object to the design / content of the signs - the "artwork" is AI generated, it's not appealing to look at, so will negatively impact the appeal of the business and the area.
