| <p>I do not live close to the farm but all I have head all day is a digger so I went to look where it was coming from and it's still going past 5.00pm.i looked up planning applications and found yet another one from the farm. The first one shouldn't have been allowed. I ask why do they need all this extra building and why have you allowed it??</p> <p>I have reviewed the planning and wonder why you allowed this to go ahead in the first place. The smell and the noise is shocking and I feel for the surrounding houses. There are so many comments about footpaths being ignored and you are allowing the building to go ahead. What about the access?. What are you doing about that? What about the extra traffic in the small village. What are you doing about that ?</p> |     |
