| <p>My husband and i live directly opposite 147 millmoor rd Meltham. I have NO issues with the proposed planning application. My issue is with the road side verge and road. We run an agricultural business from our address 94,millmoor rd,and we use our access to get in and out of our driveway,with large machinery and equipment. We always turn uphill so the grass verge opposite must always be kept clear of any vehicles, because we need a large turning circle to to come and go as we need. We are also concerned about any demolition of the existing wall ,hedges and garage to make space for the new extension , in respect of where will the new neighbours park there cars. We are already inundated with more cars in our area ,because of the new builds both above and below. Not only has the road narrowed because of the cars parking on both sides, but the visibility when pulling out of our driveway is also restricted because of them .</p> |    |
