## Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species

- Yes, on the development site  
 Yes, on land adjacent to or near the proposed development  
 No

b) Designated sites, important habitats or other biodiversity features

- Yes, on the development site  
 Yes, on land adjacent to or near the proposed development  
 No

c) Features of geological conservation importance

- Yes, on the development site  
 Yes, on land adjacent to or near the proposed development  
 No

### Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

## Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in [Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 \(as amended\)](#)) would apply?

- Yes  
 No

Biodiversity net gain has been introduced as a general condition for planning permission. As set out in [The Environment Act 2021](#): "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope.

If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption).

Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one

#### Reason biodiversity net gain does not apply:

Self-build and custom build development

#### Are you building more than nine houses?:

No

#### Is the total size over 0.5 hectares?:

No

#### Do all buildings meet the definition of self-build or custom housebuilding as set out in [section 1\(A1\) of the Self-build and Custom Housebuilding Act 2015](#)?:

Yes

#### Does your Local Planning Authority require applicants for self-build and custom-build development to evidence their eligibility?:

No

#### Please justify the reason why biodiversity net gain does not apply:

The proposed development comprises a single self-build/custom-build dwelling intended for occupation by the applicant and falls within the exemption provisions set out in Schedule 7A of the Town and Country Planning Act 1990 (as amended). The proposal consists of one dwelling on a site measuring approximately 0.1388 hectares and therefore falls below the applicable thresholds for mandatory Biodiversity Net Gain.

Note: Please read the help text for further information why developments may be exempt or not in scope.

## Foul Sewage

Please state how foul sewage is to be disposed of:

- Mains sewer
- Septic tank
- Package treatment plant
- Cess pit
- Other
- Unknown

Are you proposing to connect to the existing drainage system?

- Yes
- No
- Unknown

## Waste Storage and Collection

Do the plans incorporate areas to store and aid the collection of waste?

- Yes
- No

If Yes, please provide details:

A dedicated external bin storage area is provided adjacent to the utility room external access door, allowing convenient storage and collection of domestic and recyclable waste.

Have arrangements been made for the separate storage and collection of recyclable waste?

- Yes
- No

If Yes, please provide details:

The bin storage area accommodates the separate storage and collection of recyclable household waste in accordance with local authority collection arrangements.

## Trade Effluent

Does the proposal involve the need to dispose of trade effluents or trade waste?

- Yes
- No

## Residential/Dwelling Units

Does your proposal include the gain, loss or change of use of residential units?

- Yes
- No

**Please note: This question is based on the current housing categories and types specified by government.**

If your application was started before 23 May 2020, the categories and types shown in this question will now have changed. We recommend that you review any information provided to ensure it is correct before the application is submitted.

## Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

- Yes  
 No

**If Yes, please complete the following information about the advice you were given (this will help the authority to deal with this application more efficiently):**

Officer name:

Title

Details of the pre-application advice received

Pre-application advice was sought from Kirklees Council in relation to the erection of a detached dwelling within the grounds of 4 East Avenue, Lindley, Huddersfield, located within the Edgerton Conservation Area. The advice confirmed that the principle of residential development could be supported subject to detailed consideration of design, trees, ecology, highways, biodiversity and residential amenity matters.

## Authority Employee/Member

**With respect to the Authority, is the applicant and/or agent one of the following:**

- (a) a member of staff  
(b) an elected member  
(c) related to a member of staff  
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- Yes  
 No
