I am the owner of I have written proof of my right of way along the back of 4 Church Green to my rear garden. The plans now show a building over this right of way. This right of way must be left as level access to the rear of my property wide enough for a wheel barrow at all times. I object to this obstruction as I do need access at all times for general maintenance inc garden walls and access to the my large area of land at the rear. The properties are on an unadopted road and I am concerned about how this is going to be left.
