Dear Planning Officer,

Re: Support for planning application at 4 Church Green, Kirkburton

I am writing as a neighbouring resident to express my support for the above planning application.

Having lived near Kristina & Rick and their property, I believe the proposed extension is a sensible and appropriate improvement to the home. The reason for the extension is understandable: ~~the additional space will allow them to remain in their family home rather than needing to move elsewhere.~~ the additional space will allow them to remain in their family home rather than needing to move elsewhere.

I have considered the plans and do not believe the proposal will have any unacceptable impact on neighbouring properties, privacy, access, or the character of the surrounding area. I understand that the applicants have also given careful consideration to the existing right of access and have sought to ensure that this will continue to be respected.

In my view, the extension represents a reasonable adaptation of an existing home to meet the needs of a growing family. It is a positive investment in the property and the local area, and I believe it should be supported.

I would therefore ask the Council to approve the application.

Yours faithfully,
