| <p>This has already been built. It i have no privacy and are overlooked. There is white stuff leaking out the side next to me. This build is over the gas pipe and waste drain that run full length of the street. If there is any problems in future they will have to dig out. This is over 6feet tall with blocked out railings. I do not feel this is a patio but a platform that takes away adjoining houses privacy.</p> <p>.</p> |     |
