Subject: Planning Application 2026/91468

We live at 18 Broadacres and have done for 24 years.

The land next door to us we were told belonged to Kirklees and could not be built on and never has. It is Public Open Space and was designated to be a park for children. Children play here all the time!

Have checked planning information and it states that as it has remained undeveloped- TRUE
and may have been accessible for a short period of time
UNTRUE

24 YEARS is not a short period of time.
