Planning application 2025/90297 made no specific appeal to remove the conditions regarding Public Open Space provision previously determined under 99/93218. In fact, the attached covering letter makes reference only to variations related to the affordable housing unit's construction. Supporting plans also explicitly show the retention of the Public Open Space. No adequate opportunity for public consultation could therefore have proceeded with regard to the development of the existing Public Open Space. It follows that the Council's decision to remove the Public Open Space obligation was not correctly implemented. I therefore object to this application on the grounds that an established Public Open Space, in use for many years, would be lost without sufficient alternative.
