This will affect the character of our area. We are a lovely quiet little village with a very busy main road. Traffic and parking is very bad already so goodness knows what a new estate would do. I have lived at my property for 35years and having homes directly across from my property could possibly overlook my front windows. I have big concerns over the noise level and the safety of the wild life and the wooded areas. I can't imagine what these homes will look like but I can't imagine that they will be in character of our existing village. I have big concerns over the existing highway, the volume and speed of the traffic and this would only add to it.
