30, Highfield Avenue birdsedge HD8 8XT FS-Case-850084497 I would like to object to the erection of 70 houses being built On the penistone road at Birdsedge. The loss of green belt encouraging further development in the area. The loss of land for animal feed. Local authorities should encourage brown belt developement. There is not an adequate bus service & no shops which will mean more cars in the area to shop further afield. We would also be loosing natural habitat from loss of hedge rows & open areas. There will be a big impact on GP's schools roads etc,.
