Address of the site or building:	Land off, Penistone Road, Birdsedge, Huddersfield, HD8 8XP
Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
I am concerned over many of all of the utilities eg gas, electricity water and sewerage. At present they are all on the maximum limit and often exceed their capacity. Park Lane overflows on a regular occurrence with Yorkshire water having no current or future plans for any upgrade. We experience long power cuts of Electricity on a regular basis. My concern is that if a development goes ahead it will only get worse and be a detriment to existing residents and new alike. The outline planning is on green belt land which was surveyed in 2017. The council rejected any extra development due to a variety of factors. Since then there has been no change to the circumstances. The green belt adds to the openness of the village and would be a shame to destroy it. Once it's gone it's gone. There a private airstrip for light aircraft and emergency use if necessary. The planned development is in close proximity to the end of the runway.
