I strongly object to this application on the following grounds: 1. A previous application was rejected for this site as there is no defendable green belt boundary. Nothing has changed. 2) this is a speculative application as the local plan includes this site as green belt. 3) the drainage and sewer works are already at their limit from existing properties and Yorkshire Water have no plans or resources to improve them let alone allow for further development. 4. Local facilities such as school, dentist and doctor are already oversubscribed.
