Subject: Application 2026/60/91494/E

Dear Sir/Madam

I wish to register my objection to the above application to develop land off Penistone Road, Birdsedge.

This is not 'development', it is destruction of yet another area of green belt land.

Sent from my Galaxy

Such permanent destruction of our diminishing assets which provide environmental, physical and mental health benefits is unforgivable when there are brown field sites and empty properties across the Borough.

Climate change is affecting our water and agricultural resources - land under concrete and tarmac is lost for ever. New homes should be built near existing industry and infrastructure, not on green belt land.

I urge you to reject this application.

Yours faithfully,
