Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	No
I would like to formally object to Application 2026/60/91494/E for the following reasons: The land is designated green belt. There is no valid reason for that to be changed. Birdsedge is a small rural village and the size of the proposed development is inappropriate. Other local planning applications (Cumberworth) risk local villages coalescing, changing forever their character and identity. The current infrastructure is struggling to support the existing population. Lack of public transport, problems with sewerage, accident black spots, availability of doctors surgeries etc. For the above reasons I request that this application is declined.
