Subject: Planning number 2026/60/91494/E

I wish to object to this planning application for the following reasons.

This is GREEN BELT LAND

Road safety.

The entry and exit point is onto the

A629 which is a very busy main road, situated very near to the village school.

Only about 300 yards away from the school and the bus stops where older children are picked up and dropped off.

It also conflicts with the Local Plan.

The development of 70 houses will increase the population of the village by 40 percent The infrastructure will not be sufficient.

The local GP surgery is over subscribed already and would not be able to support so many patients.

The school would not be able to provide places for such an increase.

The water supply and the sewer would be very inadequate.

The bus service is almost nonexistent now and people coming into Birdsedge would have to have a car to enable them to travel to work, this would be an increase of dangerous conditions.
