The main road through Birds Edge despite being 30 mph is a very fast road with heavy traffic . Another road from an estate will cause even more traffic and increase risk of accidents . The Local Plan does not include any plans for building on this land . This is a rural village with character and a large new housing estate is simply not in keeping with the landscape . Finally I would want to ask the developers what their thinking is behind developing green belt land for building houses rather than designated brownfield sites that have been designated for this purpose .
