Subject: Application number 2026/60/91494/E

Dear Planning Department,

I am writing to object to the major planning application detailed below:

Application Reference: 2026/91494 Site Address: Land off Penistone Road (A629), Birdsedge, Huddersfield, HD8 8XP
Proposal: Outline application for residential development, including associated infrastructure works (all matters reserved except means of access into the site from Penistone Road)

As a nearby neighbour to this development, I strongly object to this proposal.

Our communities are already stretched beyond acceptable levels in all areas of general living requirements; namely public transport, availability to local doctors and dentists and school places provisions. In addition to this the additional numbers of vehicles on the local roads will only exacerbate existing damage to road structures and detrimentally affect public safety for existing pedestrian and vehicle users based locally.

Just as importantly the local ecology will be irrevocably damaged on this designated green belt land. I ask that instead of falling into the trap of ticking a box and filling a need *for today*, you take the future of our countryside and local communities and their future families into consideration and reject this application.

Thank you.

Cumberworth Lane,
Upper Cumberworth
HD8 8PA
