I wish to object to planning application 2026/60/91494/E on the following grounds: The council have previously looked at this site and rejected it and the local plan does not include removing the site from greenbelt land. The local sewerage infrastructure will not be able to cope with such a development and Yorkshire Water has no funded or planned upgrades. Our ancient woodlands would be destroyed from overuse, additional noise and emissions pollution. Habitats will be lost, along with important and rare wildlife. A development of this size could lead to 140 + more cars in the area. The crossroads at the top of Carr Hill Road is already a well known accident blackspot. Birdsedge does not have the infrastructure to support 70+ more homes. There are no shops, the bus service is poor, the local GP surgeries and schools are already at capacity. It is for these reasons that I wish to vehemently object to application number: 2026/60/91494/E.
