The Applicant has not demonstrated 28 Sylvan Ridge is a safe and suitable location for vulnerable children. The Police would not support a similar application for this reason in the next street, 2, Robin Hood Road. The Applicant is seeking to turn the front lawn into parking for 2 cars. The Applicant's submitted plan shows the lawn much bigger than it is. Parking could not be created without demolishing the mature boundary hedge. This is on a slope so retaining walls may have to be created. There is no operational schedule to show extra vehicle visits and leavings to assess impact noise on nearby properties. Kirklees Children's Services do not consider a need for another facility of this type as there already exists adequate provisions. I therefore ask you to reject this application
