

KIRKLEES METROPOLITAN COUNCIL INVESTMENT & REGENERATION SERVICE

DEVELOPMENT MANAGEMENT

Town and Country Planning Act 1990 (as amended) – SECTION 70

DELEGATED DECISION TO DETERMINE PLANNING APPLICATIONS

Reference No:	2026/62/91605/W
Site Address:	16, Hill Top View, Hade Edge, Holmfirth, HD9 2DZ
Description:	Erection of single storey rear extension and associated alterations
Recommending Officer:	Joshua Merriman

DECISION – CONDITIONAL FULL PERMISSION

I hereby authorise the approval of this application for the reasons set out in the officer's report and recommendation annexed below in respect of the above matter.

John Holmes

AUTHORISED OFFICER

Date: 07-Aug-2026

Officer Report – 2026/91605

Site Description

The application site refers to 16, Hill Top View, Hade Edge, Holmfirth, HD9 2DZ, a two-storey terraced property faced in sandstone, with a pitched tiled roof, brown uPVC windows, and composite doors. The application property lies in a uniform street scene, surrounded by dwellings of a similar size, scale, character, appearance, and age. Furthermore, the application property benefits from a small area of amenity space and a stepped access to the front, and garden space to the rear.

Description of Proposal

The Scheme

The applicant is seeking permission for the erection of single storey rear extension and associated alterations.

Supporting Information

In addition to the submitted plans the following documents have been submitted to support the application:

- Climate Change Statement

History of Negotiations / Amendments Received

No amendments have been requested by Officers.

Relevant Planning History

The most relevant planning history relates to the following planning applications

88/01565 - Outline application for residential development – Refused.

90/05080 - OUTLINE APPLICATION FOR RESIDENTIAL DEVELOPMENT – Conditional Full Permission.

91/05929 - ERECTION OF RESIDENTIAL DEVELOPMENT – Approval of Reserved Matters.

95/90941 - ERECTION OF 21 NO. LOW COSTS HOUSES WITH CAR SPACES – Conditional Full Permission.

Representations

Publication of the application has been undertaken in accordance with the Council's Development Management Charter (July 2024).

The application has been publicised on the Council's website and by site notice. The expiry date of the publicity period was the 24/07/2026.

Letters of Comment

Holme Valley Parish Council have been notified of the application, no response has been received to date.

Consultation Responses

No consultations considered necessary.

Allocation and Policy

The site is unallocated within the Kirklees Local Plan (adopted 2019). It is noted the site has had permitted development rights removed by virtue of previous permissions.

The following legislation, policy and guidance is considered relevant to the determination of this application:-

Kirklees Local Plan

- LP1 Achieving Sustainable Development
- LP2 Place Shaping
- LP21 Highway and Access
- LP22 Parking
- LP24 Design

Holme Valley Neighbourhood Development Plan

The Holme Valley Neighbourhood Development Plan was adopted on 8th December 2021 and therefore forms part of the Development Plan. Policies within the plan relevant to the consideration of this application are listed as follows:-

- Policy 1 – Protecting and Enhancing the Landscape Character of Holme Valley.
- Policy 2 – Protecting and Enhancing the Built Character of the Holme Valley and Promoting High Quality Design.
- Policy 12 – Promoting Sustainability.
- Policy 13 – Protecting Wildlife and Securing Biodiversity Net Gain.

The application site is located within Landscape Character Area 3 (Hade Edge Upland Pastures) of the Holme Valley Neighbourhood Development Plan. The key characteristics are below:

- The open landscape has long distance views of the settled corridor of the River Holme and Kirklees district beyond as well as local views of open water bodies such as Boshaw Whams and Holme Styes.
- Stone boundary walls are common features creating a strong sense of visual unity.
- A network of Public Rights of Way (PRoW) follows local lanes or field boundaries. Minor roads and PRoW, including sections of the Kirklees Way and the Barnsley Boundary Walk long distance footpaths, connect farmsteads located on the valley sides. National Cycle Route no. 68 also passes through this area.

National Policies and Guidance

National planning policy and guidance is set out in National Policy Statements, primarily the National Planning Policy Framework (NPPF) published December 2024, the Planning Practice Guidance Suite (PPGS) first launched 6th March 2014 together with Circulars, Ministerial Statements and associated technical guidance.

A consultation draft of the National Planning Policy Framework (the Framework) was published on 16 December 2025. As a consultation, the document is at an early stage and subject to change. Accordingly, for the purposes of this application, no weight is given to the current consultation document.

The NPPF constitutes guidance for local planning authorities and is a material consideration in determining applications.

Chapter2	Achieving sustainable development
Chapter12	Achieving well-designed places
Chapter14	Meeting the challenge of climate change, flooding and coastal change

Supplementary Planning Documents / guidance

Kirklees Highway Design Guide (adopted November 2019)
House Extensions & Alterations SPD (adopted June 2021)
Holme Valley Neighbourhood Development Plan – 2021

The Biodiversity Net Gain Technical Advice Note

Legislation

The Town & Country Planning Act 1990 (as amended).
The Planning and Compulsory Purchase Act 2004.
The Conservation of Habitats and Species Regulations 2017

Section 38(6) of the Planning and Compulsory Purchase Act 2004 sets out that in considering planning applications the determination must be made in accordance with the plan unless material considerations indicate otherwise

Assessment

The following matters are considered in the assessment below –

1. Principle of development
2. Impact upon the character and appearance of the area (including impact upon historic environment)
3. Impact upon residential amenity
4. Impact upon highway safety
5. Climate Change
6. Representations
7. Conclusion

1 – Principle of Development

Policy LP1 of the KLP states that when considering development proposals, the Council will take a positive approach that reflects the presumption in favour of sustainable development contained in the NPPF.

Paragraph 11 concludes that the presumption in favour of sustainable development does not apply where specific policies in the NPPF indicate development should be restricted. This too will be explored.

Policy LP2 of the KLP sets out that all development proposals should seek to build on the strengths, opportunities and help address challenges identified in the Local Plan.

The dimensions of sustainable development will be considered throughout the proposal.

In terms of extending and making alterations to a property, Policy LP24 of the KLP is relevant, in conjunction with the House Extensions and Alterations SPD and Chapter 12 of the NPPF, regarding design. In this case, the principle of development is considered acceptable, and the proposal shall now be assessed against all other material planning considerations, including visual and residential amenity, as well as highway safety.

These issues along with other policy considerations will be addressed below.

Considering the above policy, the principle of the development is considered to be acceptable.

2 – Impact on character and appearance of the area

Visual Amenity

Section 12 of the NPPF discusses good design. Good design is a key aspect of sustainable development, it creates better places in which to live and work and helps to make development acceptable to communities. Local Plan Policies

LP1, LP2 and most importantly LP24, are all also relevant. All the policies seek to achieve good quality design that retains a sense of local identity, which is in keeping with the scale of development in the local area and is visually attractive.

Local Plan Policy LP24(a) states that all proposals should promote good design by ensuring the following: *‘the form, scale, layout and details of all development respects and enhances the character of the townscape, heritage assets and landscape’*.

Key Design Principles 1, 2, and 9 of the Council’s adopted House Extensions & Alterations Supplementary Planning Document (SPD) seek to ensure development is subservient to the host property and in keeping with the character of the locality.

The recommendations of Paragraphs 5.1, 5.2, and 5.6 of the House Extensions and Alterations SPD are considered relevant to this application.

The proposed rear extension is considered to appear sympathetic to the original building and local area, using matching and sympathetic materials including sandstone, roof tiles to match existing, brown uPVC windows, and uPVC doors.

The proposed rear extension will be entirely set behind the original building, not projecting beyond the sides, and is considered to be subservient to the existing building, respecting the original house and garden regarding size and scale. A condition to ensure matching materials is recommended.

Therefore, the proposed development is considered to comply with Policies LP1, LP2 and LP24 of the Kirklees Local Plan, Principles 1, 2, and 9 of the House Extensions and Alterations SPD, and Policies within Chapters 12 and 16 of the National Planning Policy Framework.

3. Impact on Residential Amenity

Sections B and C of LP24 states that alterations to existing buildings should:

“...maintain appropriate distances between buildings’ and ‘...minimise impact on residential amenity of future and neighbouring occupiers.”

Further to this, Paragraph 135 of the National Planning Policy Framework states that planning decisions should ensure that developments have a high standard of amenity for existing and future users.

Key Design Principles 3, 4, 5, 6, and 7 of the Council’s adopted House Extensions & Alterations SPD seek to ensure development does not have a detrimental impact upon privacy of neighbouring occupiers, cause unacceptable levels of overshadowing or be unacceptably oppressive / overbearing.

The recommendations of Paragraphs 5.1, 5.2, and 5.6 of the House Extensions and Alterations SPD are considered relevant to this application.

The rear extension is of a scale to ensure 50% of the rear garden space, and total space around the house, will be retained, and the current external access to the rear garden will be retained. The extension will also not exceed a length of 3m, or a height of 4m, however, will not retain a 1m gap to the shared boundary.

Despite not retaining a 1m gap, the closest neighbouring ground floor windows to the development are considered to be a distance from the proposal which, when coupled with the design and scale of the proposal, leads to the conclusion the development would not have a significant impact upon neighbouring occupants with regard to overshadowing, overbearing, light, or outlook.

Furthermore, given the adequate spacing between properties, natural screening around the rear amenity space at the application site, and the proposal being solely on the ground floor, it is considered that there would also be no significant overlooking or privacy impacts as a result of the development.

It is therefore considered that in terms of residential amenity, the proposed would comply with Policy LP24 of the Kirklees Local Plan, Key Principles 3, 4, 5, 6, and 7 of the House Extensions and Alterations SPD, and Policies within Paragraph 135 of the National Planning Policy Framework.

4. Impact on Highway Safety

Policies LP21 and LP22 of the Kirklees Local Plan and Chapter 9 of the NPPF relate to access and highway safety and are considered to be relevant to the consideration of this application. The Council's adopted Highway Design Guide and Key Design Principle 15 of the adopted House Extensions & Alterations SPD which seek to ensure acceptable levels of off-street parking are retained are also considered to be of relevance.

Principle 19 of the Council's adopted House Extensions & Alterations Supplementary Planning Document (SPD) requires the provision for waste storage and recycling must be incorporated into the design of new developments in such a way that it is convenient for both collection and use whilst having minimal visual impact on the development.

It should be noted that although nothing specific is detailed on the submitted plans, the site will retain adequate space for waste storage.

The number of bedrooms in the property will not increase as a result of the development, and therefore the off-street parking requirement at the dwelling will not change. The current parking provision is therefore considered acceptable to remain.

The development is set back adequately from the highway and as a result will have no significant impact upon highway safety.

It is therefore considered that in terms of access and highway safety / parking the proposed would comply with Policies LP21 and LP22 of the Kirklees Local Plan, Principle 15 of the Council's Street Design Guide and Chapter 9 of the National Planning Policy Framework.

5. Climate Change

On 12th November 2019, the Council adopted a target for achieving 'net zero' carbon emissions by 2038, with an accompanying carbon budget set by the Tyndall Centre for Climate Change Research. National Planning Policy includes a requirement to promote carbon reduction and enhance resilience to climate change through the planning system and these principles have been incorporated into the formulation of Local Plan policies. The Local Plan predates the declaration of a climate emergency and the net zero carbon target. However, it includes a series of policies, which are used to assess the suitability of planning applications in the context of climate change. When determining planning applications, the Council will use the relevant Local Plan policies and guidance documents to embed the climate change agenda.

Considering the scale and nature of the proposed development, especially that it is for private use, it is considered that the proposed development would not have an impact on climate change that needs mitigation to address the climate change emergency. The proposed development would therefore comply with Chapter 14 of the National Planning Policy Framework.

6. Representations

No representations have been received.

7. Conclusion

The NPPF has introduced a presumption in favour of sustainable development. The policies set out in the NPPF taken as a whole constitute the Government's view of what sustainable development means in practice.

This application has been assessed against relevant policies in the development plan and other material considerations. It is considered, the proposed development would constitute sustainable development and is therefore recommended for approval.

**Recommendation
PERMISSION**

CONDITIONAL FULL

Decision Authorisation: Delegated Powers

Application Number: 2026/91605

Officer Recommendation: Conditional Full Permission

Conditions

1. The development hereby permitted shall be begun within three years of the date of this permission.

Reason: Pursuant to the requirements of Section 91 of the Town and Country Planning Act 1990 (as amended).

2. The development hereby permitted shall be carried out in complete accordance with the plans and specifications schedule listed in this decision notice, except as may be specified in the conditions attached to this permission, which shall in all cases take precedence.

Reason: For the avoidance of doubt as to what is being permitted and to accord with Policies LP01, LP02, LP21, LP22 & LP24 of the Kirklees Local Plan, Principles 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 & 15 of the Council's adopted House Extensions & Alterations Supplementary Planning Document and Policies within Chapters 2, 9, 12 and 14 of the National Planning Policy Framework

3. The external walls and roofing materials of the extension hereby approved shall in all respects match those used in the construction of the existing building and be retained thereafter.

Reason: In the interests of visual amenity and in accordance with Policies LP01, LP02 & LP24 of the Kirklees Local Plan, Principles 1 and 2 the Council's adopted House Extensions and Alterations Supplementary Planning Document and policies within Chapter 12 of the National Planning Policy Framework.

Plans and specifications schedule:-

Plan Type	Reference	Version	Date Received
Existing and Proposed Site Plan & Location Plan	1	-	15/06/2026
Existing and Proposed Floor Plans	2	-	15/06/2026
Existing and Proposed Elevations	3	-	15/06/2026
Application Forms	-	-	15/06/2026
Climate Change Statement	-	-	15/06/2026

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 and guidance in the National Planning Policy Framework, the Local Authority have, where possible, made a pre-application advice service available, complied with the Kirklees Development

Management Charter 2024 and otherwise actively engaged with the applicant in dealing with the application. No amendments were sought as it was considered that the proposal was acceptable as submitted.
