As a local resident living on High Lane, my property backs directly onto the playing fields and has a full view of the proposed new clubhouse.

It has been fantastic to see such a thriving community club, with hundreds of local children making the most of these facilities each week. Having read through the plans and understood the vision behind the new clubhouse, I am delighted to support the proposal.

It is clear that this development is about much more than a building. It is an investment in the local community that will provide opportunities for children, young people and families for many years to come. I have no doubt that the clubhouse will help ensure the continued success and growth of the club, benefiting both current and future generations.
