To be read in conjunction with other design information.

General Note:
For detailed information regarding mechanical and electrical equipment, refer to the MEP drawings. Radiator size and specification to be confirmed by M&E. Floor gully location and detail to be confirmed with M&E. All MEP fixtures and facade ventilation opening sizes require further coordination upon receipt of final information.

Reference Note:
This drawing is to be read in conjunction with all other design information. Where shown see call out and section markers for location of relevant information. The following list outlines key document information references that is not directly referenced by call outs and section markers. The contractor is to ensure they are in receipt of complete and latest information.

- Glazed Screens and Curtain Walls - Glazed Screen Type Drawings: HMM-GSA-MH-XX-D-A-8300-8307
- Internal Doors - Door Type Elevations: HMM-GSA-ZZ-ZZ-D-A-6900
- Windows - Window Type Elevations: HMM-GSA-ZZ-ZZ-D-A-6900
- Repairs - Repair Scoping Drawings: HMM-GSA-MH-XX-D-A-8100-8107
- Floor Finishes - Floor Finishes Plan: HMM-GSA-ZZ-00-D-A-5230
- Internal Partition and Wall Types - Wall Type Plans and Build ups: HMM-GSA-MH-00-D-A-5201-5206

RWP positions show proposed locations. Refer to schedule HMM-GSA-XX-XX-L-A-9040 for description of works required. Downpipe references have been given to correspond with those on Watts Condition Survey Ref A. Where no reference is given in condition report, a sequential number reference is provided.
