I would like to express my full support for this planning application. The applicant has previously run a bar locally which was exceptionally well managed, welcoming and a real asset to the area. It was greatly missed when it closed, and I have every confidence that this new coffee shop and bar will be operated to the same high standard. This proposal would provide a valuable place for local people to meet and socialise, helping to strengthen the community while also increasing footfall for nearby businesses. A thriving independent venue can have a positive impact on the local economy by encouraging more people to spend time in the area and support other shops and services. I believe this development would be a positive addition to the neighbourhood and hope the application is approved.
