There is no mention on the plan regarding the use of the outside space or provision of a smoking area. I am concerned that if the premises make use of the outside space this will significantly increase noise in the area, which could cause a nuisance to nearby properties, particularly if, after opening they try and extend operating hours. Parking on Station Road is already congested and it can be difficult to see past the parked cars to assess whether it is safe to proceed. This development could add to the parking congestion if additional restrictions are not considered.
