The applicant has increased the number of houses they wish to build on the site from 30 to 40, which is a large percentage increase. There has recently been another housing development built on Barnsley Road, which is very near to the proposed site. The area is becoming over developed, and does not have the infrastructure to support yet more housing estates. Barnsley Road is already a busy road. Another 40 houses will exacerbate this position even further. The proposed site is currently green fields and is adjacent to the ancient Tanner Wood. The open aspect, character and essence of the area is being systematically destroyed by such developments.
