Having lived in the area for over 45 years, I have seen a massive increase in parking problems. I have contacted the council on several occasions regarding parking issues, especially on a Friday when cars are parked on both sides of the road. The main problem is there are too many cars and not enough spaces. On Friday it is especially bad when the road becomes a single lane with cars parked on pavements and double yellow lines. Informing the council seems to come to no avail and I await a serious issue (e.g. accident or altercation). There is the possibility of up to or more than another 22 cars needing parking space, which is impossible to facilitate and this application should be refused on parking grounds and road accessibility alone. Other issues may include waste collection, fly tipping, noise pollution etc and the area cannot cope with these issues.
