| <p>I object to the development of this land for the follow reason;<br/>It will not increase biodiversity and I have not been shown an up to date environmental impact report.<br/>It will vastly increase the traffic on Cliffe lane which is already very busy.<br/>The plans show the properties very close to my boundary and I will lose privacy.<br/>This is green belt land.<br/>This will completely change the area from rural to an estate.<br/>This development will speed water runoff and increase flooding in Spen beck.</p> |     |
