

EXISTING LAYOUT AND ELEVATIONS

Ground Floor Layout 1.100

This architectural drawing shows the ground floor plan of a building. The layout includes a Kitchen, Dining Room, Living Room, Store, Hall way, and a staircase. The building has a gabled roof and a chimney on the left side. The plan is oriented with the front elevation (North) at the top.

Ground Floor Layout 1.100

Roof Layout 1.100

This architectural drawing shows the roof layout of the building. It features a gabled roof with a chimney on the left side. The plan is oriented with the front elevation (North) at the top.

Roof Layout 1.100

First Floor Layout 1.100

This architectural drawing shows the first floor plan of the building. The layout includes a Bathroom, Bedroom 1, Bedroom 2, Bedroom 3, and a Landing. The building has a gabled roof and a chimney on the left side. The plan is oriented with the front elevation (North) at the top.

First Floor Layout 1.100

Front Elevation (North) 1.100

This architectural drawing shows the front elevation (North) of the building. It features a gabled roof, a chimney on the left side, and a central entrance door. The elevation is oriented with the front elevation (North) at the top.

Front Elevation (North) 1.100

Rear Elevation (South) 1.100

This architectural drawing shows the rear elevation (South) of the building. It features a gabled roof, a chimney on the left side, and a central entrance door. The elevation is oriented with the front elevation (North) at the top.

Rear Elevation (South) 1.100

Side Elevation (West) 1.100

This architectural drawing shows the side elevation (West) of the building. It features a gabled roof, a chimney on the left side, and a central entrance door. The elevation is oriented with the front elevation (North) at the top.

Side Elevation (West) 1.100

Side Elevation (East) 1.100

This architectural drawing shows the side elevation (East) of the building. It features a gabled roof, a chimney on the left side, and a central entrance door. The elevation is oriented with the front elevation (North) at the top.

Side Elevation (East) 1.100

PROPOSED LAYOUT AND ELEVATIONS

Ground Floor Layout 1.100

This architectural drawing shows the ground floor plan of a house. The layout includes a Kitchen, Dining Room, Living Room, Store, Hallway, and a rear extension. The rear extension is highlighted with a green dotted pattern. The plan shows a front entrance leading into a living room, which is adjacent to a dining room and kitchen. A store and hallway are located near the kitchen. The rear extension is a large rectangular area attached to the back of the main house.

Ground Floor Layout 1.100

Roof Layout 1.100

This architectural drawing shows the roof layout of the house. It features a main roof area with a chimney and a smaller roof area on the rear extension. The layout includes two dormer windows on the main roof and two windows on the rear extension roof.

Roof Layout 1.100

First Floor Layout 1.100

This architectural drawing shows the first floor plan of the house. The layout includes a Bathroom, Bedroom 1, Bedroom 3, Home Office Study Room, and a Landing. The plan shows a central landing area with stairs leading up and down. The Home Office Study Room is located at the front of the house, and the Bedroom 1 is located at the rear. The Bathroom and Bedroom 3 are located near the landing.

First Floor Layout 1.100

Front Elevation (North) 1.100

This architectural drawing shows the front elevation of the house from the north. It features a two-story main house with a gabled roof and a single-story rear extension. The main house has a central entrance with a small porch and a large window. The rear extension has a smaller window. The elevation shows the brickwork and the roofline.

Front Elevation (North) 1.100

Rear Elevation (South) 1.100

This architectural drawing shows the rear elevation of the house from the south. It features a two-story main house with a gabled roof and a single-story rear extension. The main house has a large window and a smaller window. The rear extension has a larger window. The elevation shows the brickwork and the roofline.

Rear Elevation (South) 1.100

Side Elevation (West) 1.100

This architectural drawing shows the side elevation of the house from the west. It features a two-story main house with a gabled roof and a single-story rear extension. The main house has a large window and a smaller window. The rear extension has a larger window. The elevation shows the brickwork and the roofline.

Side Elevation (West) 1.100

Side Elevation (East) 1.100

This architectural drawing shows the side elevation of the house from the east. It features a two-story main house with a gabled roof and a single-story rear extension. The main house has a large window and a smaller window. The rear extension has a larger window. The elevation shows the brickwork and the roofline.

Side Elevation (East) 1.100
