

About the application

Application number: 2026/91969	
What is the application for?:	Erection of 6 dwellings, with associated access, landscaping, infrastructure and
Address of the site or building:	land off, Fenay Lane, Almondbury, Huddersfield, HD5 8UJ
Postcode:	

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
I wish to object to this proposed development . The site is designated Green Belt and this land forms a welcome break in Fenay Lane which from the village centre on this side of the road has residential properties for several hundred yards. Land is given Green Belt status for a reason and there needs to be extenuating circumstances to permit development. It is difficult to find any extenuating reason to permit this proposed development.Fenay Lane is something of a 'rat run' to access the town centre without having to negotiate Wakefield Road. Parents conveying pupils to King James's school increase traffic load. The provision of S.I.D speed warning displays have been provided periodically. Some motorists regard Fenay Lane as an impromptu race track. Add to this the major issues at the junction with Penistone Road where numerous traffic accidents have occurred and the potential for increasing traffic load must be a serious consideration. The view across the field towards the period properties which are clearly visible during autumn/winter have in the past been held in high regard by the planning department.
