Our Ref: 2026/91970

Dear Sir

**TOWN AND COUNTRY PLANNING ACT 1990
TOWN AND COUNTRY PLANNING (GENERAL PERMITTED DEVELOPMENT)
(ENGLAND) ORDER 2015 (as amended), SCHEDULE 2, PART 3, PART MA
NOTIFICATION OF PROPOSED CHANGE OF USE CLASS MA – COMMERCIAL,
BUSINESS AND SERVICE USES TO DWELLINGHOUSES
APPLICATION NUMBER: 2026/91970
AT: 10, Commercial Road, Skelmanthorpe, Huddersfield, HD8 9DA**

I refer to your submission of details relative to the proposed change of use and any building operations as described below which was received by the Local Planning Authority on 15-Jul-2026.

Prior approval of a proposed change of use of a building from commercial, business and service uses to dwellinghouses

The proposal is not acceptable to the Council, and notice is hereby given that the details submitted have been refused for the following reason(s);

The proposal as submitted is not acceptable by reason that the submitted details fail to accord with the provisions of Schedule 2, Part 3, Class MA of the General Permitted Development Order 2015 as the unit is a drinking establishment which does not fall within a class E use as it is a sui generis use.

Plans and specifications schedule: -

Plan Type	Reference	Revision	Date Received
Location Plan	03	-	15/07/2026
Proposed plans	02	-	15/07/2026

Plan Type	Reference	Revision	Date Received
Existing plans	01	-	15/07/2026

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 and guidance in the National Planning Policy Framework, the Local Planning Authority have, where possible, made a pre-application advice service available, complied with the Kirklees Development Management Charter 2024 and otherwise actively engaged with the applicant in dealing with the application.

Officers did not request alterations to the proposal due to a full planning application being required.

Development within a Coal Mining Area

DEVELOPMENT LOW RISK AREA - STANDING ADVICE

The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Mining Remediation Authority on 0345 762 6846 or if a hazard is encountered on site call the emergency line 0800 288 4242.

Further information is also available on the Mining Remediation Authority website at: [Mining Remediation Authority - GOV.UK](https://www.mra.gov.uk/)

Digital Infrastructure: Fibre To The Property (FTTP)

Access to affordable and reliable broadband is necessary for Kirklees' residents, businesses, and visitors to take advantage of the growing digital economy and 'digital by default' services. Fibre optic cables direct to a property (FTTP) is the most reliable way of delivering high speed broadband connectivity and allows for gigabit internet speeds. Access to high quality digital infrastructure provides the foundations for, amongst other things:

- Economic prosperity – workforces that are digitally-literate enables business to thrive.
- Digital literacy – digital literacy and skills increase employability and people can exploit the internet for transactional, social, entertainment and learning purposes.
- New services – digital delivery can lower costs and provide innovative public and health services more conveniently.

It is therefore advised that digital infrastructure, including FTTP, and its benefits for the development be considered from the earliest feasible stage. Methods include working with Internet Service Providers to install digital infrastructure alongside other utilities or providing pre-infrastructure allowing for speedier installation at a later date.

Note: The provision of fibre infrastructure is often available from certain telecommunications providers free of charge for development over a certain scale, provided that sufficient notice is given. Notice periods are typically at least 12 months prior to first occupation. In some cases, providers may request a contribution from the developer.

Note: Where no telecommunications provider has been secured to provide fibre infrastructure by the time of highway construction, it is advised that additional dedicated telecommunications ducting is incorporated alongside other utilities to enable the efficient and cost effective provision of fibre infrastructure in the future.

If the applicant is aggrieved by the decision of the Local Planning Authority to refuse details of the proposed development, he/she may appeal to the Secretary of State for the Environment in accordance with Section 78 of the Town and Country Planning Act 1990 within six months of the date of issue of this notice. Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at [The Planning Inspectorates Website](#). Further information on the Planning Appeal process can be found online at [the Planning Inspectorates website](#).

The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that approval of details could not have been granted by the Local Planning Authority having regard to the statutory requirements to the provisions of the development order, and to any directions given under the order.

Further correspondence regarding this application should bear the reference on this letter.

Customer Feedback

An important part of improving our service is to review your feedback on the way that we have dealt with your planning application(s). Please take a couple of minutes to email your comments to dc.admin@kirklees.gov.uk so that we can work on continually improving our customer service. Thank you.

Yours faithfully

Mathias Franklin
Head of Planning and Development
