The use for this building to turn into a day nursery is very inconsiderate of the local community. There is a day nursery straight opposite the road There is only on road parking which is used by the parents and practitioners of the other nursery. Roads for public will cause uproar due to amount of traffic that will be passing through the small village Effects local business Effects community centre businesses This is really disappointing to hear as it seems that the knowledge of the community is lacking as you would've taken all of these different aspects into consideration.
