We live within 40m of the front door of the Silent Woman in the group of houses opposite. There is already a complete lack of parking nearby and this is exacerbated during school opening and closing hours. It is often a challenge to exit and enter our property at busy times. Access is only possible via a steep cobbled exit opposite the property or via the Old Bank car park, which itself is often blocked by too many vehicles. The cobbled route is often impassable in winter. The lane across the front of our property is already used as a 'rat run' and any extra traffic would make the situation worse. At nursery opening and closing times, there is a strong likelihood that we would be prevented from getting to and from our property. In addition, should there need to be emergency access from Fire or Ambulance, this may be at risk. We therefore object to this application on those grounds.
