I am writing to voice my objections about this proposed planning application... Whilst I fully appreciate that many supporting the application will argue that parents have access to public parking spaces such as the nearby Aldi, next to the canal, across from the fire station, as well as on street parking; lets be honest, these spaces are generally already taken by 8am mon-fri by railway commuters, and parents will soon be looking to park opposite the building for ease (especially during winter months when it's cold, dark, raining, etc), further adding to the heavily congested area of Slaithwaite that is already present. I have serious concerns about accidents going forwards and hope that these can be prevented by the council planners listening to these concerns from local members of this community like myself.
