| <p>The parking around this area is already really bad and busy, adding a new nursery here will make the roads unsafe and dangerous. This is because there are events like funerals at the church that is next door to where they want to build the nursery, which when a funeral is on it takes over half of the on road parking. There are also many events in the community centre that take place such as, meals on wheels and after school clubs. Furthermore, there is also a nursery next door which is already difficult to park there as staff and parents need to park outside of the nursery. Adding another nursery, there is not enough room for more staff and more parents to park outside of the nursery. Also, there are deliveries and waste removers that need to park on there to simply do their jobs. I feel like adding another nursery will make the roads very unsafe and a lot busier, when they are already busy enough. There is also a school up the road, so adding another nursery will make the traffic build up especially on pick up and drop off times.</p> |     |
