I wish to object to this planning application due to the increased traffic and parking issues it would create. The area already experiences significant congestion from the existing nursery, after-school clubs, community centre activities, church events, deliveries, and waste collection. Introducing another nursery would increase traffic during peak drop-off and pick-up times, placing further pressure on the limited parking available and creating additional highway safety concerns for residents and visitors. For these reasons, I respectfully ask that this planning application be refused.
