I am writing to formally object to the proposed nursery development due to its severe impact on local traffic and road safety. Currently, Nabbs Lane, Howgate Road, and Holme Lane experience dangerous levels of speeding during school run hours, creating a high risk of serious accidents. On-street parking has also reached a critical level. Drivers routinely park on both sides of the road further up—exacerbated by the recent introduction of parking charges in local car parks—which creates severe bottlenecks and restricts traffic flow up towards Holme Lane. While the double yellow lines at the corner of Nabbs Lane have alleviated some congestion turning toward the village, adding a nursery will inevitably overload an already struggling road network. For the safety of local residents and pedestrians, I strongly urge the council to refuse this application.
