Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
Although Highways have stated they are not concerned over extra vehicles, there will be at least 2 extra cars attempting to enter or exit from the junction of Longley Edge Road and Dunford Road - this is a junction on a blind hill brow, even more vehicle activity will only make the junction busier. The lane is unadopted, there is no upkeep from the council for the track. It becomes full of pot holes in winter months, even with the current number of cars - who will maintain it with the extra vehicle use? Will the double garage be the place where the cars are parked all the time? There is no room on the lane, unless extra cars park by the Boshaw Trout. 3 stories will protrude over the current wall impact sight and light on the immediate neighbouring houses.
