

Appendix A – Climate Change Statement

Climate Change Statement for Planning Applications

Part 1: Applicant details

Name of applicant/agent	Mr M. Sale
Site Address	8 West Avenue Lindley, Huddersfield HD3 3LR
Description of Development	Domestic extension.

Part 2: Climate Change Mitigation measures

Please respond to the following questions considering the measures set out in the Climate Change Guidance note:
Q1: What measures have been/will be taken to reduce the energy demand associated with your proposed development beyond the minimum required in Building Regulations? (See section 2)
None
Q2: What measures have been/will be taken to limit the carbon consumed through the implementation and construction processes, e.g. by reusing existing on-site materials or sourcing materials locally? (See section 3)
Materials to be reused and sourced locally where possible
Q3: What measures have been/will be taken to utilise renewable or low carbon energy sources? (See section 4)

None
Q4: What measures have been/will be taken to ensure the building design and layout has been optimised to energy efficiency beyond the minimum requirements in Part L of the Building Regulations ? (See section 5)
Use of overhanging eaves to protect from solar gain
Q5: What measures have been/will be taken to reduce potential impacts of flooding associated with your proposed development? (See section 6)
None - negligible impact
Q6: What measures have been/will be taken to reduce water stress associated with your proposed development? (e.g. Water retention and minimisation measures) (See sections 7 and 8)
None - negligible change
Q7: What measures have been/will be taken to provide biodiversity net gains? (See section 8)
None - negligible impact
Q8: What measures have been/will be taken to reduce air pollution associated with your proposed development? (See section 9)
Enclosed and secure cycle storage included to reduce reliance on car use
