Subject: Application 2026/92089. - [5 Field Head Farm Court, Shepley](#)

Dear Danielle,

I am writing to formally support planning application 2026/92089 submitted by Mark and Liz Partridge.

we have reviewed the plans and believe the proposal is appropriate for the following reasons:

Highways and Access: Our main vehicle access is now via Long Lane rather than Field Head Farm Court. The proposed access arrangements will not cause any adverse traffic impact, congestion, or safety issues within the courtyard.

Residential Amenity: The single-storey design is modest in scale and position. It will not cause any loss of light, overshadowing, or loss of privacy to surrounding homes.

Character of the Area: The scale and proposed materials fit comfortably within the established residential setting of Field Head Farm Court.

Sustainability: We welcome the high environmental standards proposed for the dwelling, including its net-zero targets and low-carbon design.

We fully support this application and hope the council views it favourably.

It's great to be able to support and retain great neighbours.
