Subject: Planning application 2026/92154

To: DC.Admin@kirklees.gov.uk

Dear Sir /Madam,

Ref; 12 ,Birch Grove, Woodlands Road Batley WF170RQ

I would like to object to the planning application above on the grounds of access and inadequate parking facilities

By the demolition of the garage (2 vehicles) and the subsequent shortening of the drive, the problem is the parking of the applicants vehicles.

The access to his drive is at the bottom of a cul-de-sac with an already congested turning area due to the indiscriminate parking of vehicles

We have already had disruption of access by trucks , cars and vans with the ongoing pollution of the tarmac road.

The road is a narrow residential grove, already congested and makes the refuse collectors vehicle difficult to access the grove

In the case of an Emergency the Emergency Vehicle (fire engine/Ambulance) would find it difficult to attend due to the congestion

The proposed plans do not show any areas within this property that are designated for additional parking. At the previous applicants property there are four vehicles on the drive

The approval of this planning application without the provision of extra parking provision would cause problems for all the residents of Birch Grove

I would prefer not to have my name and address published . Many Thanks
